ABOUT GOODLIFE KIDS FOUNDATION

Our Vision

Kids with special needs have equal opportunities to experience the joys and benefits of being active.

The Part We Play

GoodLife Kids Foundation fosters supportive environments to help kids with intellectual disabilities and autism thrive through physical activity and fitness

For kids with special needs, the path to getting active isn't always as simple as joining the local sports team or signing up for lessons around the corner. GoodLife Kids Foundation Grants provide funding to support programs that offer ongoing physical activity opportunities for children with intellectual disabilities and autism. Grants improve community access and help to remove some of the barriers preventing children from living active lives.

Eligible organizations can apply for up to \$10,000 in funding from GoodLife Kids Foundation. The next round of applications will be accepted from Monday, September 10, 2018 – Friday, November 30, 2018.
